

S8-SK1

Semi Automatic Carton Sealers

Taping unit K11R

Aluminium telescopic legs

S8 and SK1 models are semi-automatic sealing machines with manual adjustment. Easy to use and simple to adjust, they enable to start the production in just minutes. Thanks to the side drive belts and the K11R or K12R taping units, they allow the perfect sealing of the box. The machines have been designed in compliance with CE regulations.
